## Trees to Plant Near Power Lines

\*Trees planted near power lines should be a maximum of 25' and under. Planting trees under 25' near power lines will eliminate drastic pruning at maturity, which can damage the shape, strength and health of the tree. We recommend...

### *Trees:*

- Globe Willow
- Accolade Cherry
- Kwanzan Cherry
- Canada Red Chokecherry
- Centurion Crabapple
- Prairifire Crabapple
- Profusion Crabapple
- Snowdrift Crabapple
- Springsnow Crabapple
- Thornless Cockspur Hawthorn
- Washington Hawthorn
- Newport Plum
- Thundercloud Plum
- Ivory Silk Lilac Tree

### *Clump or Shrub Form:*

- Cistena Plum (Purple leaf sandcherry)
- Autumn Brilliance Serviceberry
- Yellow Twig Dogwood
- Royal Purple Smokebush
- Diablo Ninebark
- Staghorn Sumac
- Eastern Redbud
- Amur Flame Maple
